American Nationalist Group Demands Victorville City Councilwoman Blanca Gomez Disavow Racist “Brown Power” Comments at Meeting She Attended

Also demands that she disavow support for sanctuary cities, Aztlan and La Reconquista

(Torrance, CA, May 11, 2017) – American Children First calls upon Victorville City Councilwoman Blanca Gomez to immediately and forcefully disavow and repudiate the racist “Brown Power” comments at meeting she attended on May 6 at the University of California, Riverside.

The pro-illegal alien conference was organized by Professor Armando Navarro, an ethics studies professor at UCR who believes the Southwestern United States, or Aztlan, was stolen from Mexico. His co-organizer, Maria Anna Gonzales, was captured on video shouting: “This is a Brown Power meeting!”

The video can be seen at the following URL: <https://www.youtube.com/watch?v=Nhs5B9d8j3E>

Navarro and Gonzales subscribe to the “La Reconquista” ideology, or the belief that Latinos must reconquer and reclaim these “stolen” lands for their people.

Not only was Ms. Gomez noted as an honorable guest on the agenda, she can be seen entering the frame of the video immediately following Ms. Gonzales racist comment with a smile on her face.

“She has surrounded herself with radical Chicano nationalists possessing racist views towards whites and treasonous anti-American sentiments calling for the return of the Southwestern United States to Mexico,” said American Children First executive director, Joseph Turner. “Her actions are unacceptable and any refusal to condemn racism suggests she is unfit to hold office.”

In December, Ms. Gomez created a stir when she attended a meeting on sanctuary cities in Rialto. She claimed to have no idea what a sanctuary city was and that she was merely an invited guest seeking to learn more about various issues as a new councilwoman.

Protestations of ignorance will no longer suffice.

Ms. Gomez repeatedly keeps the company of open border zealots who support sanctuary cities and amnesty for illegal aliens. And these individuals hold racist feelings against white Americans.

A refusal on the part of Ms. Gomez to repudiate and disavow the racist “brown power” comments made by Maria Anna Gonzales and failure to clarify her positions on sanctuary cities and “La Reconquista de Aztlan” would clearly indicate that she is unfit to hold office and undeserving of the honor to represent all the citizens of Victorville.

“If a white elected official attended a conference where organizers referred to it as a white power meeting, they would be excoriated in the national press,” Turner said.

Joseph Turner is the Executive Director of American Children First and author of the “American Children First” initiative. He previously founded the anti-illegal immigration group Save Our State and also authored the City of San Bernardino Illegal Immigration Relief Act (IIRA) in 2005. The IIRA served as the model for dozens of local jurisdictions, most notably Escondido (CA), Farmers Branch (TX), and Hazleton (PA). Farmers Branch and Hazleton had their ordinances struck down by their respective Courts of Appeals and the Supreme Court refused to hear the appeal for each case.
